- Always follow the washing guidelines on the label of the product.
- It is recommended to wash towels before use, corresponding to the products wash care instructions.
- Keep similar colours together when washing: i.e. keep pastels and whites separate from brights and darks.
- Avoid use of fabric conditioner, hydrophobic silicones may result in reduced absorbency.
- Overdrying towels or using high temperatures may cause towels to shrink and feel harsh/crisp.
- Remember: drying in sunlight may cause fading of colours.
